

## Research Methodology

The primary aim of the workshop "A Complete Guide to Research Methodology" is to equip participants with a thorough understanding of the principles and practices of research methodology, enabling them to design, conduct, and evaluate research studies with methodological rigor and confidence. This workshop seeks to empower participants to apply appropriate research methods to their own projects, ensuring that their research is robust, credible, and aligned with academic and professional standards.

This workshop aims to equip participants with the comprehensive knowledge and skills needed to successfully complete their thesis research and writing, ultimately leading to a well-crafted, academically rigorous thesis.

Workshop Duration: 3 Hours

Fees: INR 1000/- per person

Certificate will be Awarded on completion of the workshop

### Objectives

Comprehend research process

Plan research approach

Data collection methods

Ethical research responsibilities

Define research problem

Understand research philosophies

Design valid instruments

Formulate, test hypothesis

Grasp research designs

Explore sampling techniques
